**Petitions and Communications to the Board
Nebraska Children and Families Foundation - Jeff Cole**

Discussion:

Jeff Cole, Nebraska Children and Families Foundation presented to the Board. They were also recipients of an Innovation Grant. They work with kids after school, and summer time experience. They will partner with five school districts and Extension and NE Community Foundation. This will help align after school programs with AQuESTT tenets. Using strategic finance and leadership along with programming and data tools. They will be developing curriculum for these programs. This will help develop a tool box that can be used across the state. ESUCC will partner with them on this project.

Brightbytes - Rob Residori

Discussion:

Rob Residori, Brightbytes was present to discuss the realignment process. The process of service mapping: needs assessment, design and development, feedback and adjustment, and delivery. How to begin to align through service design, research and development, planning and alignment. Susan Ledek could help ESUCC through this process. The next ESUCC and NDE planning session in April, we will start to focus more on the data. Brightbytes would help us work through unpacking the data and use to inform our practice using our services that we provide to schools. Work to get everyone working on the same page. They currently look at the early warning data: academics, attendance, behaviors, demographics. This can be done through the dashboard. How to show the growth? How do we look at graduation? How do Districts define career and college pathways? Create a state model to define statewide success. Continually monitor a student's progress, the services we give locally and services that NDE provides. Digital privacy, safety and security - takes a look at policies, programs, systems, incident responses. They will give credit for the 21 Century agreement towards another module. How can we have a single contract through the ESUCC? What other days can we look at metrics and build on the already movement we have in the state. Three programs to offer: 21st ESA module (we already use), Digital Privacy or Early Warning - we can use the credit to move into one of the other modules.

BCBS - Greg Long - 10:00 AM

Discussion:

Greg Long with EHA was present to discuss the EHA and health benefits and offerings available to ESUs and schools. EHA premiums are steady when other premiums are more than doubling. If school boards are reelected they have 30 days to opt in or at every year on open enrollment. If you are on EHA at least 5 years prior to retirement, your spouse is also available to be on insurance. You will have insurance until the age of 65.

State Board of Education and Nebraska Department of Education Report - None Association of Education Service Agency's Report Federal Advocacy Meeting

Discussion:

Executive Director shared discussions from the Federal Advocacy meeting in Washington DC. Based upon the survey completed prior to the meeting they identified five priority areas: IDEA, ESSA, Early Childhood, Teachers Shortages, and FCC Erate. They eventually narrowed down to three, ESSA, Teacher Shortages, and FCC Erate. Joan Wade will send updates on a monthly basis. Infinity Groups are starting their work. BlendEd/Distance Education Director shared that she is on an Infinity Group that works with Blended Learning along with using technology and resources. They are surveying members for this group. There is another infinity group for EdFi and Special Education. Encourage ESU staff to join an infinity group.

ESU Budget Reporting

Discussion:

Executive Director reviewed the need to request information from ESUs regarding cash reserves, facilities, etc. Executive Director reviewed the spreadsheet that been begun to gather this information for each ESU. Cash reserves are used for paying forward on grants, facilities and others so we need to gather this information as well. Please give input on the spreadsheet to the Executive Director. Discussions regarding what the story needs to be reported around

cash reserves. Maybe a short video clip to show our efficiencies delivered by the superintendents. Maybe a letter from the ESUCC signed by Board to follow-up the individual ESU letters. Try to get everyone telling the same story using the same language. Have more information available for our champion lobbyist to use to benefit us. Share more information with lobbyist to help them to continue to tell our story.

Continue discussion with Mike Bagley with Verizon regarding this legislative bill.
